# ECO CAP

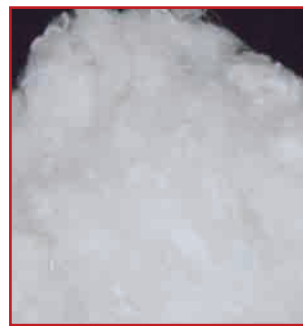

"The ever decreasing resources of the planet have become an issue of increasing awareness, and recycling is one of the foremost ways to help this problem."

One of the ways to reduce waste is to utilise the non-biodegradable polymer components of plastic bottles and make them into polyester fabrics.

Our 'Eco Cap' is made from 100 percent recycled plastic PET bottles providing customers with a lightweight, comfortable and colourfast product, while also contributing to a healthier environment.
