PLEASE NOTE:

Availability and specifications of items (eg. styles, designs, patterns, colours, finishes, fabrics, materials, shades, tints, quality, sizes, weights, measurements, etc.) may change. Please check with your JB's wear supplier or sales executive about the availability of items and any changes to specifications before ordering. Due to differences in computer printing quality the colour shown here may vary slightly from the actual product. Size weights and measurements are approximate and for guidance only.

JB's CHEF'S KNIFE BAG

JB's Technically Superior Chef's Knife Bag provides stylish and sturdy storage for transportation of knives and catering utensils. Available in two sizes, JB's Chef's Knife Bag has tailor-made provision for all key kitchen utensils and a full range of knives.

Heavy-duty Velcro straps for transportation, the slim-line bag can be carried by hand, or over the shoulder.

Utensils not included.

Quality garments tailored exclusively for your corporate, promotional, sporting and club needs. All garments meet exacting quality and design specifications.

AS/NZS 1906.4:1997 DAY AND NIGHT

Hi Visibility (Day/Night)
Garment is classed highly visible during both day and night.

AS/NZS 1906.4:1997 DAY ONLY

Hi Visibility (Day)
Garment is classed highly visible during daytime.

JB's WEAR DRI

This fibre is specially designed to absorb body perspiration into the fabric and to move the moisture to the surface where it is evaporated leaving the wearer fresh and cool.

HOOD

Garment has hood in rear of collar.

BREATHABLE

Breathable fabric designed to improve wearing comfort while keeping the wearer warm and offering protection from the elements.

STAIN RESISTANT

Protects from rain and stains. Breathable, durable, safe and gentle. Fabrics are easier to care for.

WATERPROOF

Fabric is waterproof coated and seams are taped to stop moisture penetration.

AS/NZS 1906.4:1997 DAY ONLY

This product complies with AS/NZL 4399:1996

UPF - What does it mean?

Ultraviolet radiation, or UV, is present in sunlight.

SHOWER PROOF

Outer fabrics are waterproof coated to stop water penetration but seams are not taped.

Sunburn is a sign that your skin has received too much UV. Over exposure to UV over many years can cause more serious health problems such as skin cancer or cataracts. Garments that are sensibly designed for sun protection reduce your UV exposure. It is often difficult to tell if a fabric offers good sun protection. The Ultraviolet Protection Factor (UPF) shows how well a fabric protects your skin from solar UV and lets you select sun protective clothing with confidence. Remember that the garment only protects the skin it covers. Protect other areas by wearing a hat, sunglasses and sunscreen and use shaded outdoor areas. UPF ratings range from 15 to 50. Fabrics that rate higher than 50 are labelled UPF 50+.

15	Good	40	Excellent
20	Good	50+	Excellent
25	Very Good		

COOL VENTS

Mesh fabrics are inserted in strategic positions to allow body heat to escape from the garment.

EMBROIDERY ZIP

Hidden zips are sewn into the garment to allow embroidery and screen printing access to successfully enhance garments.

COLOURS OF COTTON

Unlike traditional corporate wear, the individuality and quality of our clothes gives the feeling of a personal wardrobe.

PODIUM TEAMWEAR

Podium Sporting Wear is designed and manufactured to give the wearer the latest in garment technology specialising in your club, team, sporting colours.
